ROBINSON'S

North Shore Gardens

1450 Sewells Point Road - NORFOLK, VIRGINIA

FOREWORD

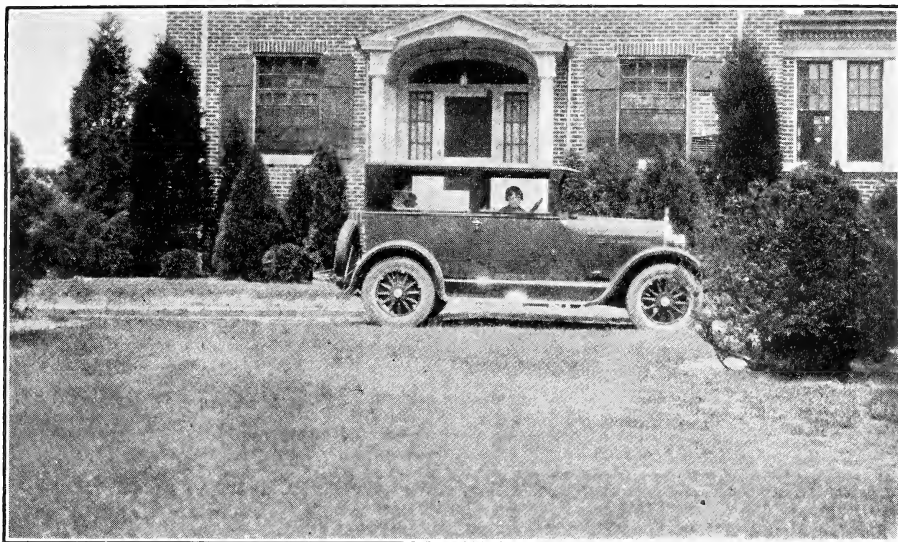

IN PRESENTING this first edition of our Catalogue, we wish to thank the good people of Tidewater Virginia and others, who have been so liberal in their patronage during the two years we have been operating in this section.

For more than thirty years the writer has been actively engaged in the propagation and growing of hardy trees and plants, and in the laying out and planting of private estates and public grounds. While these operations have been chiefly in Northern sections, we find after four years of experimental work in this locality, the same conditions exist here as elsewhere, i. e., nursery stock grown near in the propagation and growing of hardy trees and plants, and in from other sections. It is for this reason, that we are increasing our growing capacity with a view of producing in our Norfolk-Portsmouth Nurseries varieties best suited to local planting requirements.

We have made a good beginning the past two years. We have now nearly fifty acres under cultivation, and can offer a splendid line of home grown Roses, Evergreens, Flowering Shrubs, etc., for this season's planting. Visitors are invited to inspect our stock and equipment. Our office and home grounds are located on Sewells Point Road, in the Meadowbrook section of Norfolk, on the main thoroughfare leading from Hampton Boulevard to Ocean View Boulevard. We also have nurseries in the outlying sections of Norfolk and Portsmouth.

Horticultural advice is gladly furnished and we solicit consultation whenever we can be of service.

ALFRED EDSON ROBINSON.

Evergreen Planting by North Shore Gardens

Evergreen Trees

Our Evergreens are well grown, several times transplanted, and are dug with a ball of earth on the roots, securely burlapped.

ABIES concolor (Silver Fir). A rival of the Blue Spruce. Foliage glaucous green.

	Each.	Doz.
2 to 2½ ft.	\$5.00	—
2½ to 3 ft.	7.00	—

fraseri (Double Balsam Fir).

A native of the North Carolina mountains and one of the best of the dark green evergreens.

12 to 15 in.	1.25	\$12.50
15 to 18 in.	1.50	15.00
18 to 24 in.	2.50	—

CEDRUS deodara (Deodar Cedar). A magnificent tree attaining a height of 50 to 75 feet. The foliage is feathery and of a pleasing blue-green color. Succeeds admirably in this climate, and is to this section what the Koster Blue Spruce is to the North.

	Each.	Doz.
1½ to 2 ft.	\$2.50	\$25.00
2 to 3 ft.	3.50	35.00
3 to 4 ft.	5.50	—
4 to 5 ft.	10.00	—

CUPRESSUS arizonica (Arizona Cypress). Tall and columnar in form with foliage similar to cedar in texture but with silvery blue sheen. Very rapid grower.

	Each.	Doz.
18 to 24 in.	\$2.00	\$20.00
2 to 2½ ft.	2.50	25.00
2½ to 3 ft.	3.50	—
3 to 4 ft.	5.00	—

JUNIPERUS chinensis (Chinese Juniper). Fine, silvery foliage, pyramidal in form.

	Each.	Doz.
2 to 2½ ft.	\$3.50	\$35.00
2½ to 3 ft.	4.00	40.00
3 to 4 ft.	4.50	45.00

var. pfitzeriana (Pfitzer's Juniper). Low growing spreading in form with grayish green foliage.

	Each.	Doz.
18 to 24 in. spread.	\$4.00	\$40.00
24 to 30 in. spread.	5.00	50.00
30 to 36 in. spread.	6.00	—

communis depressa (Prostrate Juniper). Low-growing, spreading form with grayish-blue foliage.

12 to 18 in. spread.	2.00	20.00
18 to 24 in. spread.	2.50	25.00
24 to 30 in. spread.	3.50	—

var. hibernica (Irish Juniper). Of dense pillar like growth, glaucous green foliage.

2 to 2½ ft.	2.50	25.00
2½ to 3 ft.	3.00	30.00
3 to 3½ ft.	4.00	—
3½ to 4 ft.	5.00	—

var. suecica (Swedish Juniper). Much like the Irish Juniper but more bushy.

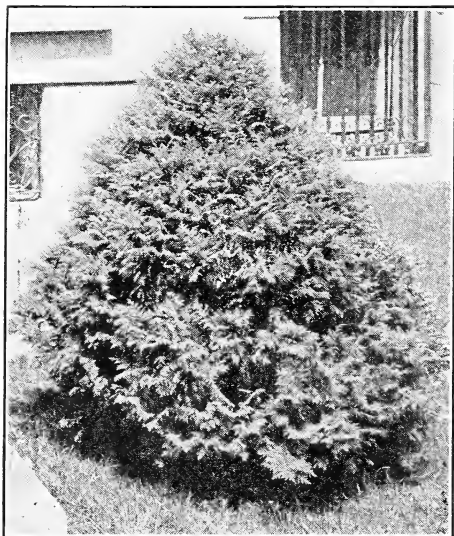

18 to 24 in.	2.00	20.00
24 to 30 in.	2.50	25.00
30 to 36 in.	3.00	—
3 to 4 ft.	4.00	—

excelsa stricta (Greek Juniper). Of compact conical habit, steel-blue leaves.

10 to 12 in.	1.50	15.00
12 to 15 in.	2.00	—
15 to 18 in.	3.00	—

sabina (Savin Juniper). Dark green, somewhat fan-shape in habit.

15 to 18 in. spread.	2.50	25.00
18 to 24 in. spread.	3.00	—

**Retinospora plumosa aurea.**

var. horizontalis (Creeping Juniper). An interesting form, laying flat on ground. Each. Doz.
 12 to 15 in. spread.....\$2.00 —
 15 to 18 in. spread.....2.50 —
 18 to 24 in. spread.....3.00 —

virginiana (Red Cedar). Columnar in form, rich green foliage.
 3 to 4 ft.....3.50 35.00
 4 to 5 ft.....4.50 45.00
 5 to 6 ft.....6.00 —
 6 to 7 ft.....8.00 —

PICEA excelsa (Norway Spruce). Common Spruce, usually known as the "Christmas Tree."

	Each.	Doz.
18 to 24 in.....	\$2.00	\$20.00
2 to 2½ ft.....	2.50	—
2½ to 3 ft.....	3.00	—

RETINOSPORA (Chamaecyparis). Japan Cypress.

lawsoniana (Lawson Cypress). This is one of the best evergreens for the South.

	Each.	Doz.
18 to 24 in.....	\$2.00	\$20.00
2 to 2½ ft.....	3.00	30.00
3 to 4 ft.....	5.00	—

pisifera (Sawara Cypress). Foliage light-green, somewhat pendulous.
 18 to 24 in.....2.00 20.00
 2 to 2½ ft.....3.00 —

var. aurea (Golden Sawara Cypress). A golden form of the above. Very graceful.
 2 to 2½ ft.....3.00 30.00
 2½ to 3 ft.....4.00 —

var. filifera (Thread Cypress). Stringy drooping branches, dark green foliage.
 18 to 24 in.....2.50 25.00
 2 to 2½ ft.....3.50 —
 2½ to 3 ft.....4.00 —
 3 to 4 ft.....5.00 —

var. plumosa (Plume-like Cypress). Of good texture and fine form.

	Each.	Doz.
18 to 24 in.....	\$3.00	\$30.00
2 to 2½ ft.....	3.50	35.00
2½ to 3 ft.....	4.00	40.00
3 to 4 ft.....	5.00	—
4 to 5 ft.....	6.00	—

var. plumosa aurea (Golden Plume Cypress). Same form as above except that it has golden-yellow leaves.

18 to 24 in.....	3.00	30.00
2 to 2½ ft.....	3.50	35.00
2½ to 3 ft.....	4.00	40.00
3 to 4 ft.....	5.00	—
4 to 5 ft.....	6.00	—

var. squarrosa veitchii (Moss or Silver Cypress). Heath-like foliage, bluish green.

12 to 15 in.....	1.25	12.50
15 to 18 in.....	2.00	20.00
18 to 24 in.....	3.00	30.00
2 to 2½ ft.....	4.00	—
2½ to 3 ft.....	4.50	—
3 to 4 ft.....	5.00	—
4 to 5 ft.....	6.00	—

var. squarrosa sulphurea (Sulphur Moss-Cypress). Bluish green with yellow tips.

15 to 18 in.....	2.00	20.00
18 to 24 in.....	3.00	30.00

TAXUS canadensis (Canadian Yew). Low-growing with wide-spreading slender branches.

	Each.	Doz.
15 to 18 in. spread.....	\$2.00	\$20.00
18 to 24 in. spread.....	3.00	30.00

**ASSORTED EVERGREENS**

Properly dug with ball of earth on roots.

cuspedata (Japanese Yew). Dark green densely branched, spreading form.			
	Each.	Doz.	
12 to 15 in.....	\$2.00	—	
15 to 18 in.....	3.00	—	
18 to 24 in.....	5.00	—	
var. brevifolia (Dwarf Japanese Yew).			
8 to 12 in.....	3.00	—	
12 to 15 in.....	4.00	—	
THUJA occidentalis (American Arbor Vitae). Very hardy and of tall, rapid growth.			
18 to 24 in.....	2.00	20.00	
2 to 2½ ft.....	2.50	25.00	
2½ to 3 ft.....	3.00	30.00	
3 to 4 ft.....	4.00	40.00	
4 to 5 ft.....	5.00	—	
5 to 6 ft.....	7.00	—	
var. argentea variegata . Compact habit with white-tipped leaves.			
12 to 15 in.....	1.25	12.50	
15 to 18 in.....	2.00	20.00	
var. douglasii pyramidalis (Spiralis). Spire-like in form, fern-like, twisted leaves.			
18 to 24 in.....	2.50	25.00	
2 to 2½ ft.....	3.00	30.00	
2½ to 3 ft.....	3.50	—	
var. elegantissima . Of rapid growth, new shoots golden yellow in summer.			
2 to 3 ft.....	2.50	25.00	
3 to 4 ft.....	3.50	35.00	
4 to 5 ft.....	4.50	—	
var. ericoides (Heath-like Arbor Vitae). Dwarf, heath-like foliage turning bronze in winter.			
18 to 24 in.....	3.00	30.00	
2 to 2½ ft.....	3.50	—	
var. globosa (Globe Arbor Vitae). Forms a round dense plant, bright green.			
	Each.	Doz.	
10 to 12 in.....	\$1.00	\$10.00	
12 to 15 in.....	1.50	15.00	
15 to 18 in.....	2.50	25.00	
var. globosa novae . Like the above with light green foliage.			
12 to 15 in.....	2.00	20.00	
15 to 18 in.....	2.50	25.00	
var. hoveyi (Hovey's Golden Arbor Vitae). Rather dwarf with light green foliage.			
15 to 18 in.....	2.00	20.00	
18 to 24 in.....	2.50	25.00	
24 to 30 in.....	3.50	—	
var. nana (Little Gem Arbor Vitae). Very dwarf, globular in form.			
6 to 8 in. broad.....	2.00	—	
8 to 10 in. broad.....	3.00	—	
var. lutea (George Peabody Arbor Vitae). Forms broad pyramid with clean yellow foliage.			
1½ to 2 ft.....	2.50	25.00	
2 to 2½ ft.....	4.00	40.00	
var. pyramidalis (Pyramidal Arbor Vitae). Columnar in form, short dark green foliage.			
18 to 24 in.....	2.00	20.00	
2 to 2½ ft.....	3.00	30.00	
2½ to 3 ft.....	4.00	—	
3 to 3½ ft.....	5.00	—	
3½ to 4 ft.....	6.00	—	

Foundation Planting of Evergreens.

*Cedrus Deodara.***THUJA—Continued**

var. Rosenthalii (Rosenthal Arbor Vitae). Dark green dense foliage, pyramidal in form. A beautiful evergreen.			
	Each.	Doz.	
12 to 15 in.....	\$1.50	\$15.00	
15 to 18 in.....	2.00	20.00	
18 to 24 in.....	2.50	25.00	
2 to 2½ ft.....	3.50	—	
var. standishi (Standish Arbor Vitae). Rather pyramidal in form, bright green.			
18 to 24 in.....	2.50	25.00	
2 to 2½ ft.....	3.50	—	
var. vervaeneana (Vervaeke Arbor Vitae). Graceful bronze mottled leaves, pyramidal in form.			
18 to 24 in.....	2.50	25.00	
2 to 2½ ft.....	3.00	30.00	
2½ to 3 ft.....	3.50	—	
var. wareana (Siberian Arbor Vitae). Very hardy, glaucous green foliage.			
15 to 18 in.....	2.00	20.00	
18 to 24 in.....	3.00	30.00	
2 to 2½ ft.....	4.00	—	
orientalis (Biota or Oriental Arbor Vitae). Of tall and slender growth, rich green foliage.			
2 to 2½ ft.....	1.50	15.00	
2 to 2½ ft.....	2.00	20.00	
2½ to 3 ft.....	2.50	25.00	
3 to 4 ft.....	3.50	—	
4 to 5 ft.....	5.00	—	
5 to 6 ft.....	6.00	—	

var. aurea conspicua (Gold-spire Arbor Vitae). A golden form of the above.			
	Each.	Doz.	
2½ to 3 ft.....	\$4.50	—	
3 to 3½ ft.....	5.00	—	

var. aurea nana (Dwarf Golden Biota). Flat fan-like foliage, golden yellow.			
12 to 15 in.....	3.00	—	
15 to 18 in.....	4.00	—	
18 to 20 in.....	5.00	—	

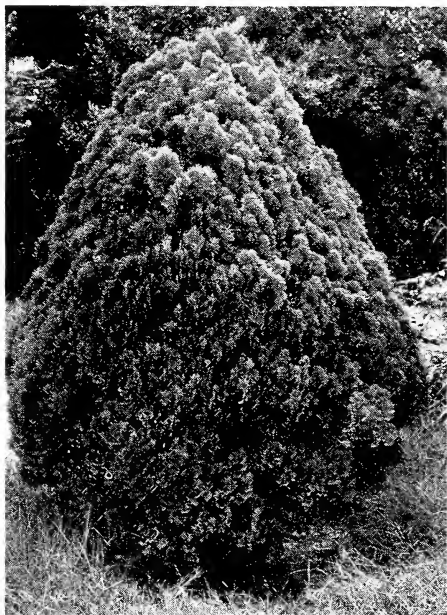

var. gracilis aurea . Dwarf, rather loose slender foliage, golden yellow.			
12 to 15 in.....	3.00	—	
15 to 18 in.....	5.00	—	

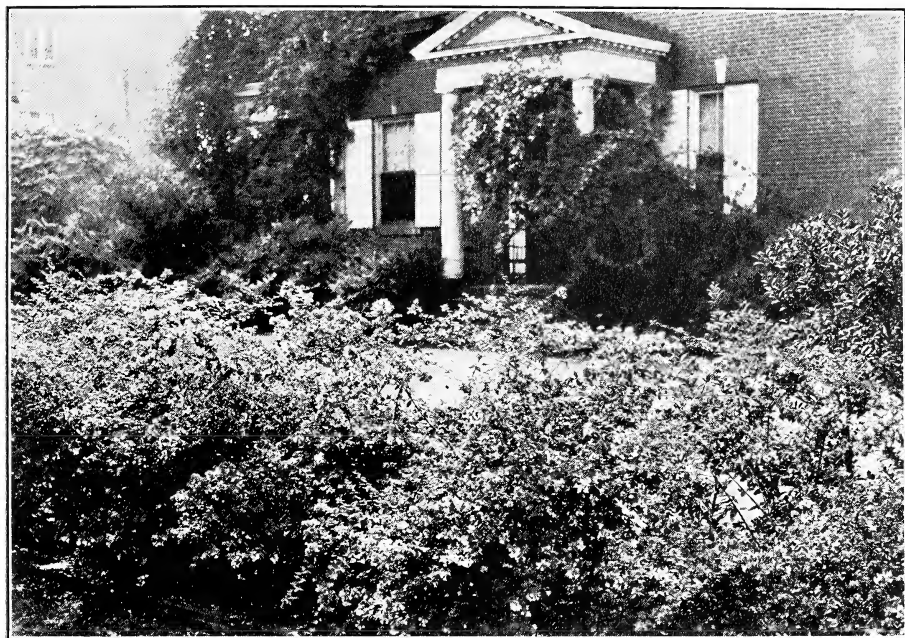

var. pyramidalis . Of pyramidal habit, bright green, tall growing.			
2½ to 3 ft.....	3.00	30.00	
3 to 3½ ft.....	3.50	—	
3½ to 4 ft.....	4.00	—	
4 to 5 ft.....	5.00	—	

TSUGA canadensis (Canadian Hemlock). Leaves about half an inch long, dull green. Branches slender and somewhat pendulous.

	Each.	Doz.	
2 to 2½ ft.....	\$3.50	—	
2½ to 3 ft.....	5.00	—	

caroliniana (Carolina Hemlock). Has larger needles than the above but otherwise similar.			
18 to 24 in.....	2.50	—	
2 to 2½ ft.....	3.50	—	

*Thuja aurea nana.*

A Group Planting of *Abelia Grandiflora*.

Broad-Leaved Evergreens

All the Broad-Leaved Evergreens offered in this list are highly desirable for ornamental planting in this locality. They should have a fairly rich, moist, well-drained soil and sufficient mulching to keep the roots from extremes of heat and cold. Under these conditions, they will grow and thrive with comparatively little care. Almost all do well in partial shade.

ABELIA grandiflora (Glossy Abelia). A beautiful shrub with glossy dark green foliage and arbutus-like pink-white flowers from July to frost.

	Each.	Doz.
12 to 18 in.....	\$.50	\$5.00
18 to 24 in.....	.75	7.50
2 to 3 ft.....	1.00	10.00
3 to 4 ft.....	1.50	15.00

AUCUBA japonica (Japanese Aucuba). Glossy green leaves; scarlet berries.

	Each.	Doz.
12 to 15 in.....	\$2.00	\$20.00
15 to 18 in.....	3.00	—

var. aurea-maculata (Gold-dust Tree).

12 to 15 in.....	2.00	—
15 to 18 in.....	3.00	—

AZALEA amoena (Pleasing Azalea). Very dwarf, producing small claret-colored blooms.

	Each.	Doz.
8 to 10 in.....	\$1.50	\$15.00
10 to 12 in.....	2.00	20.00

hinodegiri (Japanese Azalea). Very bright carmine-pink flowers.

6 to 8 in.....	1.00	10.00
8 to 10 in.....	2.00	20.00
10 to 12 in.....	2.50	—

indica (Indica Azaleas). These beautiful shrubs are quite hardy in this locality, and can be supplied in white and various shades of red and pink.

	Each.	Doz.
6 to 8 in. with buds.....	\$1.00	\$10.00
8 to 12 in. with buds.....	2.00	20.00
12 to 15 in. with buds.....	2.50	—

poukhanensis (Korean Azalea). Large lavender-pink flowers.

8 to 10 in. with buds.....	1.00	10.00
10 to 12 in. with buds.....	1.50	15.00
12 to 15 in. with buds.....	2.00	20.00

BERBERIS ilicifolia (Hollyleaf Barberry). Holly-like leaves and yellow flowers.

	Each.	Doz.
12 to 15 in.....	\$1.00	\$10.00
15 to 18 in.....	1.50	15.00

julianae (Wintergreen Barberry). A splendid new variety.

12 to 15 in.....	1.50	—
------------------	------	---

wilsonae (Wilson Barberry). New, with very finely cut foliage and yellow flowers.

15 to 18 in.....	2.00	20.00
18 to 24 in.....	2.50	—

Pyramid Boxwood.

BUXUS sempervirens (Common Boxwood).

	Each.	Doz.
12 to 15 in., bush form....	\$1.50	\$15.00
15 to 18 in., bush form....	2.00	20.00
18 to 20 in., bush form....	3.00	30.00
21 to 24 in., bush form....	3.50	35.00
18 to 21 in., pyramid form.	3.50	—
21 to 24 in., pyramid form.	4.00	—
24 to 30 in., pyramid form.	5.00	—

var. aurea (Golden Boxwood).

6 to 8 in., bush form....	.50	5.00
8 to 12 in., bush form....	1.00	—

var. hansworthi (Hansworth Boxwood). A variety with large, roundish leaves.

24 to 30 in., bush form....	5.00	—
30 to 36 in., bush form....	7.50	—
36 to 42 in., bush form....	9.00	—

var. suffruticosa (True Dwarf Boxwood). Per 100.

3 to 4 in., for edging.	\$15.00	.20	2.00
4 to 5 in.....	20.00	.25	2.50
5 to 6 in.....	.30	3.00	
6 to 7 in.....	.50	5.00	

CAMELIA japonica. Thick, glossy-green leaves with flowers of various shades.

	Each.	Doz.
12 to 15 in.....	\$2.00	\$20.00
15 to 18 in.....	2.50	25.00

DAPHNE cnoerum (Rose Daphne). The oldest plant mentioned in history. A low growing evergreen shrub with narrow leaves; very fragrant pink flowers.

	Each.	Doz.
6 to 8 in.....	\$1.00	\$10.00
8 to 12 in.....	1.50	15.00

ELEAGNUS fruitlandi. Leaves large and pointed, silvery underneath.

	Each.	Doz.
15 to 18 in.....	\$2.00	\$20.00
18 to 24 in.....	2.50	25.00

pungens. Creamy-white flowers in early spring. A beautiful evergreen.

15 to 18 in.....	2.00	20.00
18 to 24 in.....	2.50	25.00

EUONYMUS japonicum (Evergreen Burning-Bush). Glossy dark-green foliage; scarlet fruit.

	Each.	Doz.
15 to 18 in., bushy.....	\$.75	\$7.50
18 to 24 in., bushy.....	1.00	10.00
2 to 3 ft., bushy.....	2.00	20.00

var. albo-marginata. Leaves margined with silvery-white.

15 to 18 in.....	2.00	20.00
18 to 24 in.....	3.00	30.00

var. aureo-variegata. Leaves margined or splashed with golden yellow.

12 to 15 in.....	2.00	20.00
15 to 18 in.....	2.50	25.00

var. microphyllus (Box-leaf Burningbush). Very dwarf. Useful for edging walks and borders. Per 100.

3 to 4 in.....	\$15.00	.20	2.00
4 to 5 in.....	20.00	.30	3.00

radicans (Creeping Euonymus). Valuable for covering walls to which it will climb.

3 year, strong.....	.50	5.00
---------------------	-----	------

var. carrierei. Of quite upright habit, glossy green foliage.

12 to 15 in.....	.50	5.00
15 to 18 in.....	.75	7.50

var. acutus "colorata." A creeping plant used as a ground cover. The foliage turns to a brilliant wine-color in winter. Per 100.

2 year, strong plants.	\$20.00	.25	2.50
3 year, strong plants.	30.00	.35	3.50

var. vegetus (Bigleaf Creeping Euonymus). Leaves broad, almost round.

2 year plants.....	.50	5.00
3 year plants.....	.75	7.50

GARDINIA florida (Cape-Jasmine). Large glossy leaves, fragrant white flowers.

	Each.	Doz.
12 to 15 in., bushy.....	\$1.00	\$10.00
15 to 18 in., bushy.....	1.50	15.00
18 to 24 in., bushy.....	2.50	—

ILEX aquifolium (English Holly). Leaves intense deep shining green. Bright scarlet berries.

	Each.	Doz.
2½ to 3 ft.....	\$7.50	—

crenata (Japanese Holly). Dark green, glossy leaves; inky black berries.

12 to 18 in.....	1.50	15.00
18 to 24 in.....	2.50	25.00
24 to 30 in.....	5.00	—

Oregon Hollygrape.

ILEX—Continued

glabra (Inkberry). A native evergreen shrub bearing black berries.	Each.	Doz.
15 to 18 in., bushy.....	\$1.00	\$10.00
18 to 24 in., bushy.....	1.50	15.00
2 to 3 ft., bushy.....	2.50	25.00
3 to 4 ft., bushy.....	3.50	35.00

opaca (American Holly). Our well known native holly.		
2 to 3 ft.....	3.00	30.00
3 to 4 ft.....	4.50	45.00
4 to 5 ft.....	6.00	

vomitaria (Yaupon Tree). Small dark green oblong leaves, yellow flowers, scarlet berries.		
18 to 24 in.....	2.00	20.00
2 to 3 ft.....	3.00	30.00

KALMIA latifolia (Mountain Laurel). A native evergreen shrub with pink and white flowers in May.	Each.	Doz.
18 to 24 in.....	\$1.50	\$15.00
2 to 2½ ft.....	2.50	25.00
2½ to 3 ft.....	3.50	35.00

LAUROCERASUS caroliniana (Cherry Laurel). Dark glossy foliage, yellowish-white flowers in spring.	Each.	Doz.
15 to 18 in.....	\$1.00	\$10.00
18 to 24 in.....	1.50	15.00

officinalis (English Cherry Laurel). Broad shining dark foliage, very popular.		
12 to 15 in.....	1.50	15.00
15 to 18 in.....	2.00	20.00
18 to 24 in.....	3.00	30.00
24 to 30 in.....	4.00	40.00

LEUCOTHOE catesbaei (Drooping Leucothoe). Pointed shining green leaves, drooping white flower spikes in spring.	Each.	Doz.
12 to 15 in.....	\$1.25	\$12.50

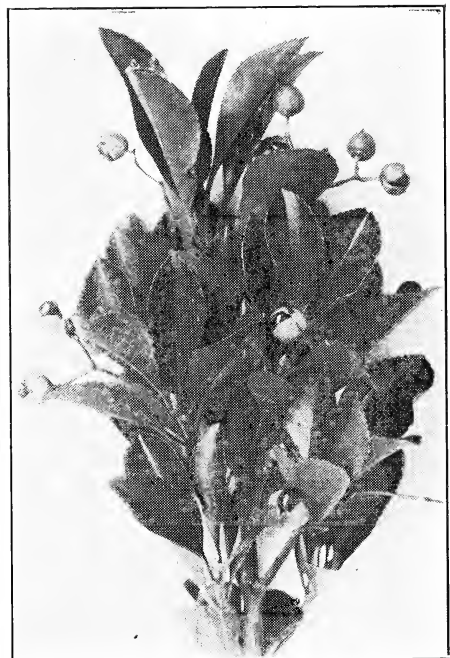

LIGUSTRUM japonica (Japanese Evergreen Privet). Foliage bright glossy green, white fragrant flowers.	Each.	Doz.
18 to 24 in.....	\$.75	\$7.50
2 to 3 ft.....	1.00	10.00
3 to 4 ft.....	1.50	15.00

lucidum (Glossy Privet). Large thick dark shining leaves, white flowers in early spring.		
12 to 18 in.....	1.00	10.00
18 to 24 in.....	2.00	20.00

napalense (Napal Privet). Resembles Japanese Privet but smaller and more compact.		
12 to 15 in.....	1.00	10.00
15 to 18 in.....	1.50	15.00
18 to 24 in.....	2.00	20.00

MAGNOLIA grandiflora (Southern Magnolia). Large growing pyramidal tree with very large glossy leaves, fragrant white flowers in summer.	Each.	Doz.
2 to 3 ft.....	\$1.50	\$15.00
3 to 4 ft.....	2.00	20.00
4 to 5 ft.....	2.50	

MAHONIA aquifolia (Oregon Hollygrape). Shining green leaves turning scarlet in autumn. Bright yellow flowers in the early spring.	Each.	Doz.
12 to 15 in.....	\$1.50	\$15.00

Euonymus Japonicum.

NANDINA domestica (Japanese Nandina). A beautiful upright shrub of medium height, delicate foliage, white flowers and scarlet berries.

	Each.	Doz.
12 to 15 in.....	\$2.00	\$20.00
15 to 18 in.....	2.50	—

PITTOSPORUM tobira (Tobira Pittosporum). Compact shrub of round form with dark green leaves clustered at the ends of the branches.

	Each.	Doz.
10 to 12 in.....	\$1.50	\$15.00
12 to 15 in.....	2.00	20.00

PYRACANTHA coccinea lalandi (Laland Firethorn). Evergreen, white flowers followed by orange berries.

	Each.	Doz.
18 to 24 in.....	\$1.00	—
24 to 30 in.....	1.50	—
30 to 36 in.....	2.00	—

RHODODENDRON carolinianum. Green foliage the whole year, pink flowers in early spring.

	Each.	Doz.
18 to 24 in., clumps.....	\$2.50	\$25.00
2 to 3 ft., clumps.....	3.50	35.00

catawbiense. Rosy-purple flowers.

	Each.	Doz.
12 to 18 in., clumps.....	\$1.50	\$15.00
15 to 18 in., clumps.....	2.00	20.00
18 to 24 in., clumps.....	2.50	—
2 to 3 ft.	3.50	—

maximum (Rosebay). Clusters of pinkish-white flowers in June.

18 to 24 in., clumps.....	2.00	20.00
24 to 30 in., clumps.....	2.50	25.00
2½ to 3 ft.....	3.00	30.00

4 to 5 ft.....	\$5.00 to 8.00	—

Named Hybrids. We have these in named varieties ranging in color from white to dark red.

15 to 18 in.....	4.00	—
18 to 24 in.....	6.00	—

YUCCA filamentosa (Rock Lily). Stiff evergreen lance-like leaves, large clusters of creamy-white flowers.

	Each.	Doz.
2 year clumps.....	\$.50	\$5.00
3 year clumps.....	.75	7.50

Deciduous Trees

(Trees that drop their leaves in winter.)

Our Shade and Lawn Trees are well grown specimens, having been transplanted, and are dug with strong fibrous roots. They should not be compared with untransplanted stock offered at lower prices.

We strongly advise the planting of most varieties of Shade Trees in early spring.

Norway Maple.

ACER—The Maples. They are comparatively rapid in growth, symmetrical, and free from the ravages of many of the destructive insect pests.

dasycarpum (White or Silver-leaved Maple). Rapid growing with silvery foliage.

	Each.	Doz.
6 to 8 ft.....	\$1.50	\$15.00
8 to 10 ft.....	2.00	20.00

negundo (Ash-leaved Maple or Box Elder).

6 to 8 ft.....	1.50	15.00
8 to 10 ft.....	2.00	20.00

platinoides (Norway Maple). One of the best for street or shade purposes.

6 to 8 ft.....	2.50	25.00
8 to 10 ft.....	3.50	35.00

var. Schwedleri (Purple-leaved Norway Maple). Large dark purple leaves.

3 to 4 ft.....	1.50	15.00
5 to 6 ft.....	2.25	—

rubrum (Red or Scarlet Maple). A native tree with brilliant colored foliage in the fall.

6 to 8 ft.....	1.50	15.00
8 to 10 ft.....	2.00	20.00
10 to 12 ft.....	3.00	30.00

ALBIZZIA lulibrissin (Mimosa). Fine, feathery foliage, large pinkish flowers in summer.

	Each.	Doz.
4 to 5 ft.....	\$1.00	\$10.00
5 to 6 ft.....	1.50	15.00

Weeping Birch.

AMYGDALUS—Flowering Peach.

<i>persica alba plena</i> (Double White).	Each.	Doz.
3 to 4 ft.....	\$1.00	\$10.00
4 to 5 ft.....	1.50	15.00
<i>persica rubra plena</i> (Double Red).		
3 to 4 ft.....	1.00	10.00
4 to 5 ft.....	1.50	15.00

ARALIA—Aralia.

<i>spinosa</i> (Devil's-Walkingstick)		
Stout stems covered with thorns; large leaves; great clusters of white flowers.		
3 to 4 ft.....	.75	7.50
4 to 5 ft.....	1.00	10.00
5 to 6 ft.....	1.50	15.00

BETULA—The Birches. Remarkable for their white bark and graceful habit.

<i>alba</i> (European White Birch).	Each.	Doz.
4 to 5 ft.....	\$1.00	\$10.00
5 to 6 ft.....	1.50	15.00
6 to 8 ft.....	2.00	20.00
<i>var. laciniata pendula</i> (Cut-leaved Weeping). Very graceful.		
4 to 5 ft.....	3.00	—
5 to 6 ft.....	4.00	—
<i>papyrifera</i> (Canoe or Paper Birch).		
5 to 6 ft.....	1.50	15.00
6 to 8 ft.....	2.00	20.00

CATALPA—Catalpa or Indian Bean.

<i>bungei</i> (Manchurian Catalpa).		
Forms dense umbrella-like heads.		
	Each.	Doz.
5 to 6 ft., 2 yr. heads.....	\$2.50	—
<i>speciosa</i> (Western Catalpa).		
6 to 8 ft.	1.50	\$15.00

CERCIDIPHYLLUM japonicum (Katsura Tree). An interesting tree from Japan, with bronzy foliage. Spreading habit.

	Each.	Doz.
3 to 4 ft.....	\$1.50	\$15.00
4 to 5 ft.....	2.00	—

CERCIS canadensis (American Judas Tree or Red Bud). Deep-pink flowers cover the stems in early spring.

	Each.	Doz.
3 to 4 ft.....	\$1.00	\$10.00
4 to 5 ft.....	1.50	15.00

CORNUS—The Dogwoods. One of the finest of the flowering trees.*florida* (The native White-flowered Dogwood).

	Each.	Doz.
3 to 4 ft.....	\$1.25	\$12.50
4 to 5 ft.....	2.00	20.00

var. rubra (Red-flowering Dogwood).

2 to 3 ft.....	2.50	25.00
3 to 4 ft.....	4.00	—

CRATAEGUS—The Hawthorns.*cordata* (Washington Thorn). Clusters of white flowers followed by bright red fruit.

2 to 3 ft.....	\$.50	\$5.00
3 to 4 ft.....	1.00	10.00

crusgalli (Cockspur Thorn). Glossy green foliage. Long spurs.

2 to 3 ft.....	.75	7.50
3 to 4 ft.....	1.25	12.50

Oxycantha paulii (Paul's Double Scarlet Hawthorn).

3 to 4 ft.....	2.00	—
4 to 5 ft.....	3.00	—

GINKGO biloba (Salisburea or Maiden Hair Tree).

	Each.	Doz.
4 to 5 ft.....	\$1.50	\$15.00
5 to 6 ft.....	2.00	20.00

Catalpa Bungei.

Flowering Crab.

KOELREUTERIA *paniculata* (Varnish Tree). From China. Produces a mass of yellow flowers in June.

	Each.	Doz.
3 to 4 ft.....	\$1.00	\$10.00
4 to 5 ft.....	1.50	15.00
5 to 6 ft.....	2.00	—

LIQUIDAMBER *styraciflua* (Sweet Gum). One of our handsomest native trees.

	Each.	Doz.
5 to 6 ft.....	\$1.50	\$15.00
6 to 8 ft.....	2.00	20.00

LIRIODENDRON *tulipifera* (Tulip Tree). A clean, handsome shade or street tree.

	Each.	Doz.
3 to 4 ft.....	\$1.00	\$10.00
4 to 5 ft.....	1.50	15.00
5 to 6 ft.....	1.75	17.50
6 to 8 ft.....	2.00	—

MALUS—Flower Crab Apple.
ioensis plena (Bechtel Double Flowering Crab).

2 to 3 ft.....	1.00	10.00
3 to 4 ft.....	1.75	17.50

halliana parkmani (Parkman's Flowering Crab).

3 to 4 ft.....	2.00	20.00
4 to 5 ft.....	3.00	—

MELIA—Chinaberry Tree.

azedarach umbraculiformis (Texas Umbrella Tree). A sub-variety of the China Tree. It forms a dense, spreading head.

4 to 5 ft.....	1.00	10.00
5 to 6 ft.....	1.50	15.00
6 to 7 ft.....	2.00	20.00

MIMOSA (See *Albizia julibrissin*).

MORUS *alba pendula* (Tea's Weeping Mulberry). A very graceful weeping lawn tree.

	Each.	Doz.
5 to 6 ft. grafted 2 yr. heads	\$5.00	—

OXYDENDRUM *arborum* (Sour-Wood or Sorrel-Tree).

3 to 4 ft.....	\$1.00	\$10.00
4 to 5 ft.....	1.50	15.00

PLATANUS—The Plane Tree (Sycamore).
occidentalis (American Sycamore Tree).

	Each.	Doz.
5 to 6 ft.....	\$1.00	\$10.00
6 to 8 ft.....	1.50	15.00
8 to 10 ft.....	2.00	20.00

orientalis (European Plane Tree).

5 to 6 ft.....	1.00	10.00
6 to 8 ft.....	1.50	15.00
8 to 10 ft.....	2.00	20.00
10 to 12 ft.....	2.50	25.00

POPULUS—The Poplars.

alba bolleana (White or Silver-leaved). Of pyramidal habit, glossy green leaves with white underneath.

5 to 6 ft.....	1.50	15.00
6 to 8 ft.....	2.00	20.00
8 to 10 ft.....	2.50	—

eugenea (Carolina Poplar). Spreading form.

6 to 8 ft.....	1.00	10.00
8 to 10 ft.....	1.50	15.00

nigra fastigiata (Lombardy Poplar). Of narrow pyramidal form, suitable for screens.

	Each.	Doz.
5 to 6 ft.....	\$.50	\$ 5.00
6 to 8 ft.....	1.00	10.00
8 to 10 ft.....	1.50	15.00
10 to 12 ft.....	2.00	20.00

simoni fastigiata (Simon Poplar). A new small-leaved poplar of pyramidal habit, destined to become very popular.

3 to 4 ft.....	1.00	10.00
4 to 5 ft.....	1.50	15.00

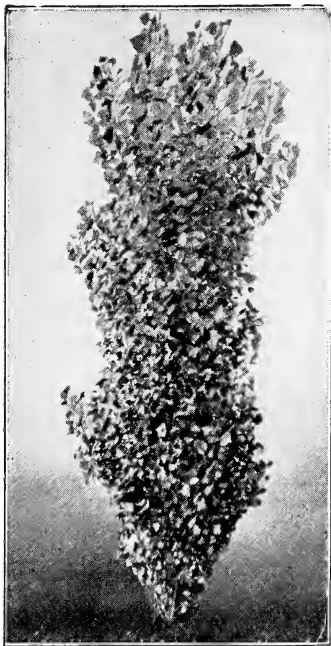

Teas Weeping Mulberry.

PRUNUS—Flowering Cherry or Plum.
avium alba plena (Double-flowering Cherry). Produces a wealth of double-white flowers in early spring.

	Each.	Doz.
3 to 4 ft.....	\$5.00	—

var. rosea plena (Double pink flowering Cherry).
3 to 4 ft..... 5.00 —

cerasifera pissardi (Purple-leaved Plum).		
3 to 4 ft.....	1.50	\$15.00
4 to 5 ft.....	2.00	20.00

Lombardy Poplar.

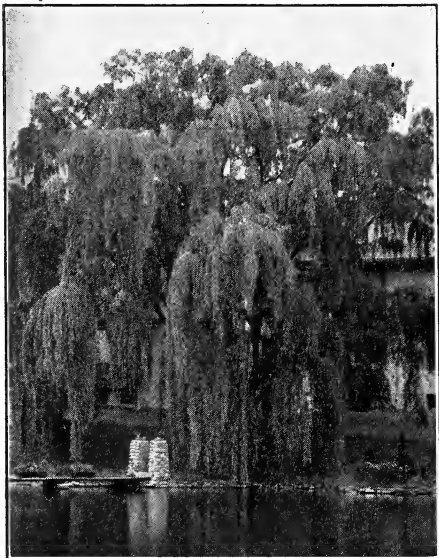

triloba (Double pink - flowering Plum).	Each.	Doz.
2 to 3 ft.....	\$1.00	\$10.00
3 to 4 ft.....	1.50	15.00

QUERCUS—The Oaks.

coccinea (Scarlet Oak).		
5 to 6 ft.....	2.00	—
6 to 8 ft.....	3.00	—
palustris (Pin Oak).		
6 to 8 ft.....	2.50	25.00
8 to 10 ft.....	3.50	—
phellos (Willow Oak).		
5 to 6 ft.....	2.00	—
6 to 8 ft.....	3.00	—
rubra (Red Oak).		
5 to 6 ft.....	2.00	20.00
6 to 8 ft.....	3.00	—

SALIX—The Willows.

alba (Common White Willow).		
5 to 6 ft.....	1.00	10.00
6 to 8 ft.....	1.50	15.00
babylonica (Weeping Willow).		
5 to 6 ft.....	1.00	10.00
6 to 8 ft.....	1.50	15.00

Weeping Willow.

discolor (Pussy Willow).	Each.	Doz.
3 to 4 ft.....	\$.50	\$ 5.00
4 to 5 ft.....	1.00	10.00

TILIA americana (American Linden).

	Each.	Doz.
6 to 8 ft.....	\$2.00	\$20.00
8 to 10 ft.....	3.00	—

ULMUS americana (American Elm).

	Each.	Doz.
6 to 8 ft.....	\$1.50	\$15.00
8 to 10 ft.....	2.50	25.00

American Elm.

A Border Planting of Shrubs and Perennials, Furnished by Mr. Robinson.

Deciduous Flowering Shrubs

When right selections are made, the Shrub Border will show striking flower and foliage effects from early spring to late fall in this climate. Even in winter the shrubs are attractive from the gracefulness and color of their stems and branches.

The following list comprises sorts which have been found of value in this climate and may be planted with equal success in either fall or spring. In general, the dwarf and small-growing shrubs should be set $2\frac{1}{2}$ feet apart; medium and large-growing 3 to 5 feet apart.

ACANTHOPANAX pentaphyllum (Five-leaved Aralia). Thorny, arching branches, bright green foliage.

	Each.	Doz.
2 to 3 ft.....	\$.50	\$5.00
3 to 4 ft.....	.75	7.50

ARONIA (Pyrus) **arbutifolia** (Red Chokeberry). White flowers, bright red fruit and autumn tinted foliage.

	Each.	Doz.
$1\frac{1}{2}$ to 2 ft.....	\$.50	\$5.00
2 to 3 ft.....	.75	7.50

AZALEA arborescens (Sweet Azalea). White flowers tinged pink.

	Each.	Doz.
$1\frac{1}{2}$ to 2 ft.....	\$2.50	\$25.00

calendulacea (Flame Azalea). Orange-red flowers in clusters.

1 to $1\frac{1}{2}$ ft.....	2.00	20.00
$1\frac{1}{2}$ to 2 ft.....	3.00	30.00

mollis (Chinese Azalea). Mixed colors.

12 to 15 in.....	2.00	20.00
------------------	------	-------

nudiflora (Pinxter Flower). Pink.

12 to 15 in.....	2.00	20.00
15 to 18 in.....	2.50	25.00

viscosa. Fragrant white flowers tinged rose.

	Each.	Doz.
$1\frac{1}{2}$ to 2 ft.....	\$2.50	\$25.00
2 to $2\frac{1}{2}$ ft.....	3.00	—

BERBERIS thunbergi (Japanese Barberry). Of dwarf habit, used extensively for hedges.

	Each.	Doz.
12 to 15 in.....	\$.25	\$2.00
15 to 18 in.....	.35	3.00
18 to 24 in.....	.50	5.00

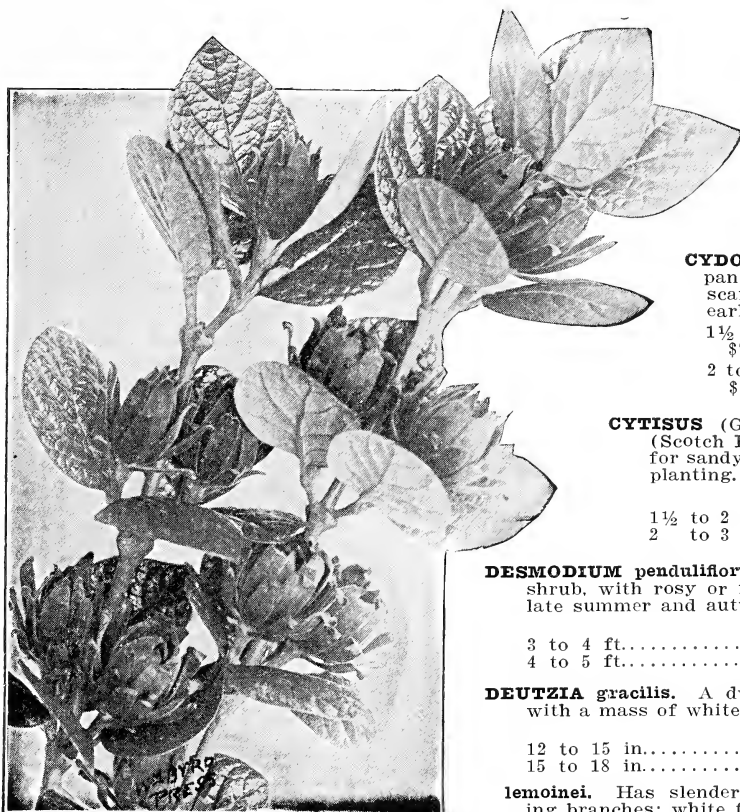

For larger quantities, see Hedge Plants.

BUDDLEIA variabilis magnifica (Butterfly Bush). Long spikes of purple-lilac flowers midsummer until frost.

	Each.	Doz.
2 to 3 ft.....	\$.50	\$5.00
3 to 4 ft.....	.75	7.50

CALLICARPA purpurea (Chinese Beautyberry). Small whitish flowers in August followed by purple fruit in clusters.

	Each.	Doz.
$1\frac{1}{2}$ to 2 ft.....	\$.50	\$5.00
2 to 3 ft.....	.75	7.50

Calycanthus.

CALYCANTHUS floridus (Sweet Shrub). Chocolate-colored flowers with spicy odor.

	Each.	Doz.
1½ to 2 ft.....	\$.50	\$5.00
2 to 2½ ft.....	.75	7.50

CARAGANA arborescens (Siberian Pea Tree). Yellow flowers in early spring.

	Each.	Doz.
2 to 3 ft.....	\$.50	\$5.00
3 to 4 ft.....	.75	7.50

CARYOPTERIS incana (Bluebeard). A free-blooming, dwarf growing shrub, producing lavender-blue flowers until late autumn.

	Each.	Doz.
1½ to 2 ft.....	\$.50	\$5.00
2 to 3 ft.....	.75	7.50

CITRUS trifoliata (Hardy Orange).

	Each.	Doz.
2 to 3 ft.....	\$1.00	\$10.00
3 to 4 ft.....	1.50	15.00

CLETHRA alnifolia (Summer Sweet). Spikes of fragrant white flowers in midsummer.

	Each.	Doz.
1½ to 2 ft.....	\$.50	\$5.00
2 to 2½ ft.....	.75	7.50

CORNUS alba siberica (Red Osier Dogwood). Bright red bark in winter.

2 to 3 ft.—50c each; \$5.00 per doz.
3 to 4 ft.—75c each; \$7.50 per doz.

CYDONIA japonica (Japan Quince). Dazzling scarlet flowers in the early spring.

1½ to 2 ft.—75c each; \$7.50 per doz.
2 to 2½ ft.—\$1 each; \$10.00 per doz.

CYTISUS (Genista) **scoparius** (Scotch Broom). Valuable for sandy soil and seashore planting.

	Each.	Doz.
1½ to 2 ft.....	\$.50	\$5.00
2 to 3 ft.....	.75	7.50

DESMODIUM penduliflorum. Tall slender shrub, with rosy or reddish flowers in late summer and autumn.

	Each.	Doz.
3 to 4 ft.....	\$.50	\$5.00
4 to 5 ft.....	.75	7.50

DEUTZIA gracilis. A dwarf hardy shrub with a mass of white flowers in May.

	Each.	Doz.
12 to 15 in.....	\$.50	\$5.00
15 to 18 in.....	.75	7.50

lemoinei. Has slender arching branches; white flowers in clusters.

1½ to 2 ft.....	.50	5.00
2 to 2½ ft.....	.75	7.50

scabra candidissima. Pure white double flowers.

2 to 3 ft.....	.50	5.00
3 to 4 ft.....	.75	6.00

var. Pride of Rochester. Double white flowers tinged pink.

2 to 3 ft.....	.50	5.00
3 to 4 ft.....	.75	6.00

EUONYMUS alatus (Winged Euonymus). Interesting corky bark. Foliage turns rose-color in autumn.

	Each.	Doz.
2 to 3 ft.....	\$1.00	\$10.00
3 to 4 ft.....	1.50	15.00

EXOCHORDA grandiflora (Pearl Bush). Large dazzling white flowers in May.

	Each.	Doz.
2 to 3 ft.....	\$.75	\$7.50
3 to 4 ft.....	1.00	10.00

FORSYTHIA fortunei (Golden Bell). Bright yellow flowers before the leaves unfold in early spring.

	Each.	Doz.
2 to 3 ft.....	\$.50	\$5.00
3 to 4 ft.....	.75	6.00
4 to 5 ft.....	1.00	10.00

Single Althaea.

FORSYTHIA—Continued

suspensa (Weeping Golden Bell). Graceful drooping habit.	Each.	Doz.
2 to 3 ft.....	\$.50	\$5.00
3 to 4 ft.....	.75	6.00

viridissima (Green Stem Forsythia). Strong upright growth, green bark, yellow flowers.		
2 to 3 ft.....	.50	5.00
3 to 4 ft.....	.75	6.00

HAMAMELIS virginica (Witch Hazel).
Small, bright yellow flowers in winter, large heart-shaped leaves.

	Each.	Doz.
1½ to 2 ft.....	\$.50	\$5.00
2 to 2½ ft.....	.60	6.00
2½ to 3 ft.....	.75	7.50

HIBISCUS syriacus (Althaea or Rose of Sharon). Double white, pink and red, also single white.

	Each.	Doz.
2 to 3 ft.....	\$.50	\$5.00
3 to 4 ft.....	.75	7.50
3 to 4 ft. Tree Form.....	1.00	10.00

HYDRANGEA hortensis (Garden Hydrangea). Desirable when grown singly or in tubs. Variation in colors due to certain chemicals contained in the soil. Can supply white, pink and blue. When ordering state color desired.

	Each.	Doz.
8 to 12 in.....	\$.75	\$7.50
12 to 15 in.....	1.00	10.00
15 to 18 in.....	1.50	15.00

paniculata (Single Hydrangea).
Upright stalks, single white flowers.

2 to 3 ft.....	\$.75	\$7.50
3 to 4 ft.....	1.00	10.00

var. paniculata grandiflora.

Panicles of white flowers changing to pink, borne in large clusters.

	Each.	Doz.
1½ to 2 ft.....	\$.50	\$5.00
2 to 3 ft.....	.75	7.50

HYPERICUM aureum (St. Johnswort). A shrub of medium height, dense habit, golden-yellow flowers.

	Each.	Doz.
1½ to 2 ft.....	\$.50	\$5.00
2 to 3 ft.....	.75	7.50

moserianum (Golden Flower).

A dwarf shrub with dark green leaves, large golden-yellow flowers all summer.

12 to 15 in.....	.50	5.00
------------------	-----	------

JASMINUM nudiflorum (Winter Jasmine). Of graceful drooping habit, bright yellow flowers in January.

	Each.	Doz.
1½ to 2 ft.....	\$.50	\$5.00
2 to 3 ft.....	.75	6.00

LAGERSTROEMIA indica (Crape Myrtle).

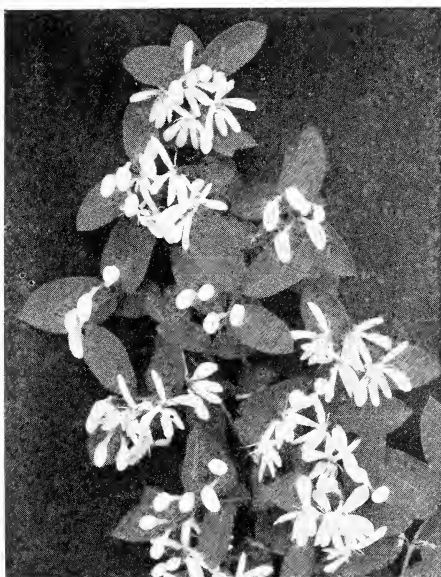

A very popular, free blooming shrub or small tree. Commences to bloom in June and continues to fall. We offer three colors—white, pink and red.

	Each.	Doz.
1½ to 2 ft.....	\$1.00	\$7.50
2 to 3 ft.....	1.50	12.00
3 to 4 ft.....	2.00	18.00

LIGUSTRUM amurense (Amur Privet). Quite evergreen in this climate, and is undoubtedly the best quick growing hedge plant.

Hydrangea paniculata grandiflora.

Manchurian Honeysuckle.

LIGUSTRUM amurense (Amur Privet)—

Continued	Each.	Doz.
1½ to 2 ft.....	\$.25	\$2.00
2 to 3 ft.....	.35	3.00
3 to 4 ft.....	.50	5.00

For quantity prices see Hedge Plants.

ibota (Japanese Privet). Of dense, rather spreading habit, white flowers and black berries.

2 to 3 ft.....	.35	3.00
3 to 4 ft.....	.50	5.00

For quantity prices see Hedge Plants.

ovalifolium (California Privet). Dark glossy foliage, fragrant white flowers in clusters.

2 to 3 ft.....	.25	2.00
3 to 4 ft.....	.35	3.00

For quantity prices see Hedge Plants.

LONICERA fragrantissima (Winter Honeysuckle). Fragrant white flowers in early spring.

	Each.	Doz.
2 to 3 ft.....	\$.50	\$5.00
3 to 4 ft.....	.75	7.50

ruprechtiana (Manchurian Honeysuckle). Creamy white flowers, followed by red berries.

2 to 3 ft.....	.50	5.00
3 to 4 ft.....	.75	6.00
4 to 5 ft.....	1.00	9.00

tatarica (Tatarian Honeysuckle). Strong upright growing with pink fragrant flowers.

2 to 3 ft.....	.50	5.00
3 to 4 ft.....	.75	6.00

var. alba. White Tatarian Honeysuckle.

2 to 3 ft.....	.50	5.00
3 to 4 ft.....	.75	6.00

PHILADELPHUS coronarius (Mock Orange). Flowers pure white, sweet scented.

	Each.	Doz.
2 to 3 ft.....	\$.50	\$5.00
3 to 4 ft.....	.75	6.00
4 to 5 ft.....	1.00	9.00

var. grandiflora (Large flowering Mock Orange).

2 to 3 ft.....	.50	5.00
3 to 4 ft.....	.75	6.00

lemoinei (Lemoine Mock Orange). Of medium slender growth, fragrant white flowers.

1½ to 2 ft.....	.50	5.00
2 to 3 ft.....	.75	7.50

var. Mont Blanc (Hybrid Mock Orange). Large, pure white flowers.

2 to 2½ ft.....	.50	5.00
-----------------	-----	------

PHYSCARPUS opulifolia (Common Ninebark). Tall growing, white flowers.

	Each.	Doz.
3 to 4 ft.....	\$.50	\$5.00
4 to 5 ft.....	.75	6.00

var. aureus (Golden-leaved Ninebark).

2 to 3 ft.....	.50	5.00
3 to 4 ft.....	.75	6.00

PRUNUS glandulosa albiplena (Double White Flowering Almond).

	Each.	Doz.
1½ to 2 ft.....	\$.75	\$7.50
2 to 3 ft.....	1.00	10.00
3 to 4 ft.....	1.50	—

var. sinensis (Double Pink Flowering Almond).

1½ to 2 ft.....	.75	7.50
2 to 3 ft.....	1.00	10.00
3 to 4 ft.....	1.50	—

triloba (Double Flowering Plum).

2 to 3 ft.....	1.00	10.00
3 to 4 ft.....	1.50	15.00

Philadelphus—Mock Orange.

PUNCIA granatum (Pomegranate). A valuable tall-growing, summer blooming shrub. We offer double white, red and variegated flowering varieties.

	Each.	Doz.
2 to 3 ft.....	\$.75	\$7.50
3 to 4 ft.....	1.00	10.00

RHODOTYPOS kerrioides (Jetbead). A Japanese shrub bearing white flowers, followed by jet-black seeds.

	Each.	Doz.
1½ to 2 ft.....	\$.50	\$5.00
2 to 3 ft.....	.75	7.50

ROSA hugonis (Father Hugo's Rose). A good massing shrub of upright growth. Free blooming, yellow flowers.

	Each.	Doz.
1½ to 2 ft.....	\$.75	\$7.50
2 to 3 ft.....	1.00	10.00

lucida alba (White Virginia Rose). Rose rather dwarf, producing a pleasing effect with other flowering shrubs.

12 to 18 in.....	.50	5.00
18 to 24 in.....	.75	7.50

rugosa (Red Rugosa Rose). Rich green foliage, deep pink flowers from May until fall, large red fruit.

1½ to 2 ft.....	.50	5.00
2 to 2½ ft.....	.75	6.00

var. alba. White form of above.

1½ to 2 ft.....	.50	5.00
2 to 2½ ft.....	.75	6.00

setigera (Prairie Rose). Tall arching branches, deep rose flowers in clusters.

2 to 3 ft.....	.50	5.00
----------------	-----	------

wichuriana (Memorial Rose). White. Thick, small shining green leaves, fine for covering banks.

2 to 3 ft.....	.50	5.00
----------------	-----	------

SPIRAEA arguta (Garland Spiraea). Small, light green leaves, very free flowering in early spring.

	Each.	Doz.
1½ to 2 ft.....	\$.50	\$5.00
2 to 2½ ft.....	.75	6.00

billardi (Billiard Spiraea). Bright pink fluffy flower spikes.

1½ to 2 ft.....	.50	5.00
2 to 2½ ft.....	.75	6.00

bumalda var. Anthony Waterer.

Deep rose, free flowering all summer.

	Each.	Doz.
12 to 18 in.....	\$.50	\$5.00
18 to 24 in.....	.75	6.00

froebeli (Froebel Spiraea).

Dwarf, free blooming, pink flowers.

12 to 18 in.....	.50	5.00
18 to 24 in.....	.75	6.00

thunbergi (Thunberg Spiraea).

Slender, arching branches, pure white flowers in early spring.

1½ to 2 ft.....	.50	5.00
2 to 2½ ft.....	.75	6.00

vanhouttei (Van Houtte Spiraea). Graceful habit, very free flowering.

2 to 3 ft.....	.50	5.00
3 to 4 ft.....	.75	6.00

STEPHANANDRA flexuosa. A graceful shrubb of medium growth, compact, lace-like foliage.

12 to 18 in.....	.50	5.00
18 to 24 in.....	.75	6.00

SYMPHORICARPOS chenaulti. A new shrub of great merit. Dense foliage, small flowers, followed by coral colored fruit.

	Each.	Doz.
2 to 3 ft.....	\$.50	\$5.00
3 to 4 ft.....	.75	7.50

racemosus (Snowberry). White berries holding until late fall.

2 to 3 ft.....	.50	5.00
3 to 4 ft.....	.75	7.50

vulgaris (Coralberry). Coral-red fruit covering the slender stems until late in the winter.

2 to 3 ft.....	.50	5.00
3 to 4 ft.....	.75	6.00

SYRINGA chinensis (rothomagensis) (Chinese Lilac). Slender branches, violet flowers, free blooming.

	Each.	Doz.
2 to 3 ft.....	\$.75	\$7.50
3 to 4 ft.....	1.00	10.00

Spiraea Vanhouttei

**Deutzia, Pride of Rochester.****SYRINGA—Continued**

Liberal clumps.....	\$.50	\$ 5.00

**Exochorda Grandiflora** (Pearl Bush).

Hedge of Amur River Privet (South).

Hedges and Screens

Shrubs and low-growing trees may often be made to take the place of a wood or metal fence to mark a boundary or to discourage trespassing, and usually at less expense. They also serve as a protection to gardens and screen unsightly objects. They are not only practical but are highly ornamental and with little care can be made an important feature of the home. While most any of the flowering shrubs can be used, we list here only those most commonly used.

DECIDUOUS HEDGE PLANTS

Climbing Vines

VINES REQUIRING SUPPORT

ACTINIDIA arguta. A Japanese climber with shining dark green foliage, with flowers and edible fruits. 75c each; \$7.50 per doz.

AKEBIA quinata. One of the best climbers, bearing bunches of violet-brown flowers with cinnamon odor. Very graceful and ornamental. 50c each; \$5.00 per doz.

BIGNONIA (Tecoma) radicans (Trumpet Vine). Bright green compound leaves, with clusters of orange-scarlet flowers in July and August. 35c each; \$3.00 per doz.

CELASTRUS scandens (False Bittersweet). Of rapid growth, large leaves and yellow flowers followed by orange-colored seed pods. 50c each; \$5.00 per doz.

CLEMATIS paniculata (Japanese Virgin's Bower). The most useful and beautiful of hardy vines. Grows luxuriantly, blooms profusely, with clean bright green foliage. The white, fragrant flowers resemble snow flakes in hot summer. 50c each; \$5.00 per doz.

Large-Flowering Hybrids.

Jackmanii. One of the best; large, rich, velvety purple flowers. \$1.00 each.

Henryi. Large, creamy-white. \$1.00 each.

Mme. Edouard Andre. Large, bright red flowers. \$1.00 each.

LONICERA halliana (Hall's Japanese Honeysuckle). A strong grower and constant bloomer. White fragrant flowers changing to buff. 25c each; \$2.50 per doz.

sempervirens (Scarlet Trumpet Honeysuckle). Glaucous green leaves, clusters of long scarlet flowers. 50c each; \$4.00 per doz.

WISTARIA chinensis (Chinese Wistaria). Strong grower, high climber. It has pale green foliage and blooms profusely in early spring. Flowers sky-blue in long pendulous clusters. \$1.00 each. Stronger plants, \$1.50 each.

var. alba. Similar to the preceding with white flowers.

multijuga (Japanese Wistaria). A rose species with purplish or lilac colored flowers, borne in immense clusters, sometimes two feet in length. \$1.50.

Hardy Vines and Climbing Shrubs do much toward beautifying the home in covering banks, fences, and buildings. Some cling to brick, stone and rough wood surfaces, while others require some form of support. They furnish both shade and shelter when trained over the porch, pergola or hooded seat, while the clinging varieties are useful in softening rough, bare spaces on the house, and are beneficial to a wall inclined to be damp.

CLINGING VINES

AMPELOPSIS quinquefolia (Virginia Creeper). Large green foliage, turning scarlet in fall. 35c each; \$3.00 per doz.

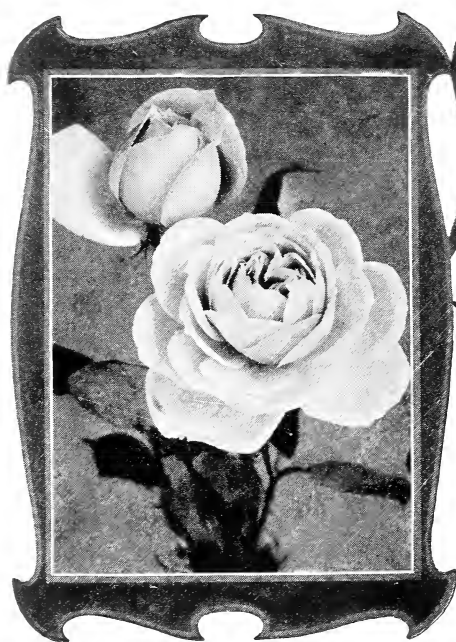

var. Engelmanni. Similar to the preceding, with smaller and more dense foliage. 50c each; \$4.00 per doz.

WEITCHI (Japanese or Boston Ivy). Rapid growing, glossy green leaves which turn brilliant scarlet in autumn. 50c each; \$5.00 per doz.

EUONYMUS radicans. Dense growing evergreen clinging vine. 50c each; \$5.00 per doz.

var. vegetus. A low-growing evergreen with aerial rootlets which cling to any support. Has round leaves, showy red fruit with yellow pods. 75c each; \$7.50 per doz.

HEDERA helix (English Ivy). Well known popular evergreen vine, used extensively for covering brick and stone walls and dwellings. 2-yr.—25c each; \$2.50 per doz. Extra strong—50c to \$1.00 each.

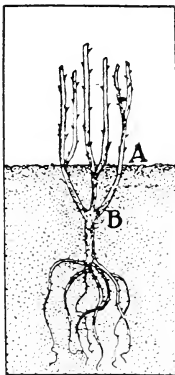

Roses for the Garden

Rose growing is becoming more and more popular with flower-lovers, especially since the introduction of so many new varieties suitable for out-of-door culture. The best of the new, together with many of the old favorites, are included in the following list. The varieties are grouped according to the uses for which they are best fitted. Every sunny corner of the home grounds may be well occupied by some type of Rose.

Directions for Planting and Care

Planting. While Roses are generally planted in early Spring, good results follow planting in October or early November. Potted plants may be set out at any time during the Spring or Summer months. Rich soil is necessary for success with Roses. Dig the bed deep, and fill with plenty of well-rotted manure. Set the plants 3 feet apart, and bury the collar or bud (B, see cut) about 3 inches below the surface of the ground (A). Spread the roots and work the soil in amongst them, finally treading firmly. Water frequently in dry seasons and keep the surface of the bed well cultivated.

Pruning. New plants should be cut back to within 6 inches of the ground. Old plants should be pruned in March one-half to two-

thirds of the previous season's growth and all dead wood should be removed. Do not allow shoots from below the crown (B) to develop and sap the vitality of the plant.

Protection. In our climate, Roses do best when given Winter protection. Hill them up with earth to a depth of six inches or more and cover the bed with strawy manure secured from blowing away by boards or evergreen branches. In Spring rake off the coarse manure and spade in the remaining fine litter.

Insects. The most common pests are aphids or lice, and green and black flies. A good general remedy is "Black Leaf 40," a spray containing nicotine. Since this acts upon the bodies of the insects by contact, it must be so applied as actually to hit them. Rose-bugs (beetles) must be picked or shook from the plants, or poisoned with arsenate of lead. "MELROSINE" is highly recommended by some.

Diseases. For mildew, dust the leaves with powdered sulphur. For "Black Spot" Hammond's Copper Solution is recommended, beginning early in June and spraying every week during July and August.

GARDEN ROSES

The Roses suitable for cut-flower purposes are grouped under this head, and include most of the Hybrids best adapted to garden culture. The two principal classes are the Hybrid Perpetuals and Hybrid Teas. The former are strong-growing, bearing large full blooms on the ends of the new shoots, and having usually but one blooming period. The latter blooms almost constantly with brief resting periods from May until frost.

POTTED ROSES

We can supply most varieties well established in 5 and 6-inch pots which may be set out with safety at any time during the late Spring or Summer. We do not recommend the planting of dormant roses later than May 1st.

Prices, Except as Otherwise Noted

	Each	Doz.	Per 100
Dormant Plants...	\$1.00	\$10.00	\$75.00
Potted Plants....	1.25	12.00	90.00

Not less than 25 plants at the 100 rate.

Columbia Rose.

GARDEN ROSES

Antoine Rivoire. HT. Pale, silvery pink, often shaded lilac, with a touch of yellow at the base.

Betty. HT. Coppery pink buds of exquisite form, opening to large, rather shapeless, pale buff-pink flowers with little fragrance.

Columbia. HT. Lively, bright pink, sweetly scented flowers of exquisite shape and strong, stiff petals, deepening in color as they expand. Free flowering, good growth, and healthy foliage.

Constance. HT. Orange buds, streaked crimson, and medium globular flowers of pure yellow which lasts well. Plant dwarfish and not reliably hardy.

Duchess of Wellington. HT. Enormous, tapering buds of golden orange, slowly opening to very large saffron-colored, sweetly fragrant Roses of great size and substance. Plant very vigorous, healthy, and liberal with its flowers.

Ecarlate. HT. Scarlet-rose flowers of loose, informal shape and moderate size, borne in abundance throughout the whole season.

Etoile de France. HT. Vivid crimson flowers, with full, rounded centers of bright cerise; fragrant and long lasting.

Francis Scott Key. HT. Very large, light crimson buds and blooms of noblest form, very double (95 petals); slightly fragrant.

Frau Karl Druschki. HP. Pinkish buds and magnificent, snow-white blooms with deep, firm petals, forming a flower of unimpeachable shape, but without fra-

grance. Plant one of the strongest; grows 4 to 10 feet high; foliage normal; blooms freely and continuously.

General Macarthur. HT. Crimson-scarlet buds and blooms, usually well-shaped and very fragrant.

Gruss an Teplitz. HT. Small to medium-sized double blooms of brilliant crimson with velvet shadings and intense fragrance. Blooms in open clusters with the utmost freedom throughout the whole season. Bush extremely vigorous and hardy.

Hadley. HT. A rich crimson-red flower with velvety texture, lovely form, and perfume. Moderate in growth and bloom.

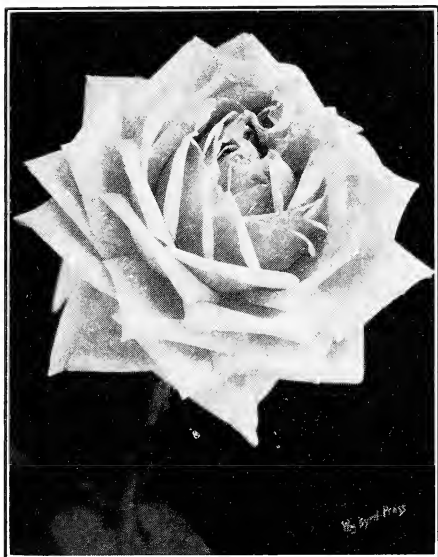

J. B. Clark. HP. Very large, light red blooms, shaded blackish maroon, globular, very double, slightly fragrant. Growth enormous (6 to 12 feet); average foliage; early bloom profuse, but scarce later.

Jonkheer J. L. Mock. HT. Carmine buds of gigantic size, opening very slowly to enormous blooms of deep carmine-pink against which the reflexing petals show an inner surface of silver-rose. Plant strong and healthy.

Kaiserin Auguste Victoria. HT. Well-formed, creamy buds which develop slowly to blooms of absolutely perfect form, snowy white with a slight tint of lemon at center; fragrant.

Killarney. HT. Long-pointed buds, opening to flat, bright sparkling pink blooms with enormous petals. Vigorous grower and very free flowering.

Killarney Queen. HT. Another Killarney, closer to the original in color but a little fuller, and, perhaps, stronger in growth. Very free flowering.

K. A. Victoria.

Maman Cochet.

Killarney, White. HT. A pure white sport of the original Killarney, identical in shape of bud, petalage, and blooming qualities.

Lady Ashtown. HT. Satiny buds and blooms of deep shining pink, with a yellow glow at base of petals; high center, double and quite fragrant.

Lady Hillington. T. Slender, pointed buds and elegantly cupped flowers of deep saffron-yellow, paling toward edges and becoming lighter as they expand; fragrant.

Los Angeles. HT. Very lovely buds and exquisite flowers of salmon-pink, with yellow shading, and very sweetly perfumed. In favored locations the plant is of excellent habit, with good foliage and blooms well, but it is not uniformly successful.

Maman Cochet. T. Carmine-pink, double blooms of fine form and substance, creamy buff at the center. Spreading, wiry growth; free blooming and very hardy for a Tea Rose.

Maman Cochet, White. T. A white form of Maman Cochet, but often flushed with pink on the outer petals. Foliage equally good and the plant just as hardy and free flowering.

Miss Lolita Amour. HT. Burnished buds and creamy copper flowers with a reddish orange tinge; fully double, cupped, and fragrant.

Mme. Butterfly. HT. Fine, light pink buds and flowers, tinted with gold near the base of the petals, of exquisite shape and richly perfumed.

Mme. Caroline Testout. HT. Large, globular flowers of satiny rose, shaded lighter toward the outer edge of its enormous petals; fairly fragrant.

Mme. Edouard Herriot. HT. Sparkling buds of coral-red and orange, opening to large semi-double flowers of indescribably brilliant orange-red and salmon.

Mme. Jules Grolez. HT. Bright china-rose blooms of pointed, pyramidal shape, and fair fragrance. Plant spreading, liberal with its bloom, and almost immune to Rose diseases.

Mrs. Aaron Ward. HT. Delightful little buds of golden buff, opening to fully double, attractively shaped flowers of tawny gold and pink, with an agreeable fragrance.

Mrs. William C. Egan. HT. Deep flesh-color, softly contrasted with a lighter shade of soft pink and a golden glow at the base of the petals; slightly fragrant.

Ophelia. HT. A creamy white and pale pink bloom with a glint of golden yellow in the folds of its petals; very fragrant.

Paul Neyron. HP. Dark, lilac-rose blooms of immense size, fair form, very double, and remarkably fragrant. Quite vigorous, strong, almost smooth canes with tough, leathery foliage; particularly free and constant bloom.

Radiance. HT. Brilliant rose-pink buds, opening to well-formed shining flowers with lighter tints on the reverse of the petals; globular in shape and very fragrant. The plant makes splendid growth, and has wonderful blooming qualities.

Red Radiance. HT. An even better Rose than its parent, Radiance in habit bearing big, globular flowers of deep rose-red on strong individual canes which are freely produced all summer until frost. Foliage excellent.

Rose Marie. HT. Fragrant, clear rose-pink flowers of large size, borne freely on plants of notable vigor and health.

Souvenir de Claudius Pernet. HT. Fine buds of fadeless yellow, paling somewhat toward the edge; beautiful when half open but not so good full-blown. Plant erect and strong; foliage glossy and disease-resistant. Blooms freely early and late.

Souvenir de Georges Pernet. HT. Brick-red buds, opening to terra-cotta pink blooms of immense size, very double, and deliciously fragrant. Stocky, dwarf plant with fair foliage. Free blooming and hardy.

William R. Smith. T. Pale flesh-colored flowers of splendid shape, mottled with cream and pink; only slightly fragrant. Plant is very vigorous and spreading, blooms freely all season, and foliage is never troubled by disease.

CLIMBING ROSES

Most of the Roses in this class are hardy and rapid-growing, thriving in any situation where they receive sunlight for a part of the day.

Prices, Except as Otherwise Noted

	Each.	Per Doz.
Dormant Plants	\$.75	\$7.50
Potted Plants	1.00	10.00

American Pillar. Clusters of large, single pink flowers with white centers and prominent yellow stamens. Foliage is dark, waxy-green, free from mildew and insect pests.

Aviateur Bleriot. Exquisite buds of saffron-yellow shaded apricot, with fine magnolia fragrance.

Climbing American Beauty. Rich red. One of the most popular climbers. Full, double flowers borne in great profusion. Growth vigorous; foliage bright, glossy green.

Doctor W. Van Fleet. A delicate flesh-pink. Buds long and pointed; blossoms beautifully formed. Foliage large and glossy. Plant beautiful even when out of bloom.

Excelsa. The same general form as the Crimson Rambler but a far better color and free from mildew. The flowers are brilliant scarlet in immense clusters.

Emily Gray. H.W. Large, semi-double, deep golden buff flowers, practically unfading and slightly fragrant. Best yellow climber. Price: \$1.25 each; \$12 per doz.

Gardenia. Buds when opening a deep yellow turning white when expanded. The nearest dependable yellow of the Climbing Roses.

Lady Gay. Beautiful rose pink fading to soft white; very free flowering. This variety resembles Dorothy Perkins.

Mary Wallace. Pillar rose type. Makes a fine strong growth, 6 to 8 feet high, with large glossy foliage. Blooms freely in the Spring and has a considerable number of flowers during the Summer and Autumn. Flowers semi-double, clear rose-pink with salmon base, generally exceeding 4 inches in diameter. Price: Strong Field-Grown Dormant Plants, \$1 each. Potted Plants, \$1.25 each.

Paul's Scarlet Climber. A vigorous climber, recently introduced, with the glossy Wichuriana foliage. Double, vivid scarlet blossoms, 2 inches or more in diameter, are borne in clusters of from 10 to 20.

Silver Moon. Immense single white flowers with prominent yellow stamens. Its waxy, dark-green leaves and strong growth are distinguishing characteristics.

Tausendschon. Familiar to many as supplied in bloom by florists for Winter decoration, this rose is none the less attractive for out-of-doors. Large, semi-double, shell pink flowers borne in clusters.

Wichuriana or Memorial Rose. W. Single, pure white flowers; bright green foliage. Much used as a ground-cover for banks and terraces, but also makes a delicate, graceful climber properly supported.

POLYANTHA ROSES

These varieties belong to the Dwarf or so-called Baby Rambler class.

	Each.	Per Doz.
Dormant Plants.....	\$.75	\$6.50
Pot Grown Plants.....	1.00	9.00

Anny Mueller. Shining pink.

Baby Dorothy. Pure pink.

Baby Rambler. Crimson.

Baby Tausendschon. Rose color, with soft pink edges.

Cecile Brunner. Pink. Exquisite double buds.

Catherine Zeimet. Snow white.

Ellen Poulson. Dark pink.

Erna Teschendorf. Carmine red.

Orleans. Brilliant geranium-red, suffused rose and deep cerise.

RUGOSA HYBRIDS

Shrubby roses suitable for massing or hedging.

DORMANT PLANTS ONLY

Conrad Ferdinand Meyer. Pure, silvery-pink, surpassing all others of the Rugosa family in beauty of color and fullness of form; fragrant and hardy. 75c each; \$7.50 per doz.

F. J. Grootendorst. The new Rugosa—baby rambler hybrid. Has typical Rugosa foliage, with trusses of crimson blossoms flowering all summer. 75c each; \$7.50 per doz.

Rugosa (Type). Single red. 50c each; \$5.00 per doz.

Rugosa Alba. Pure white. 50c each; \$5.00 per doz.

Sir Thomas Lipton. Double white. 75c each; \$7.50 per doz.

STANDARD, or TREE ROSES

Price, \$2.50 each.

Columbia. Bright pink.

Frau Karl Druschki. White.

Gruss an Teplitz. Red.

Mme. Caroline Testout. Silvery.

Mme. Butterfly. Brilliant pink.

Ophelia. Salmon pink.

Radiance. Light silvery pink.

Red Radiance. Red.

Wichuraiana Roses Trailing Over a Wall.

All Plants in This Garden were Furnished by Mr. Robinson.

Hardy Perennial Plants

The Hardy Perennials supply us with some of the most beautiful and interesting plants available for out-of-door culture. By judicious selection from their almost endless variety a continuous succession of bloom from Spring until frost, with wonderful range of color, may be obtained. Advice as to selection and arrangement is gladly furnished. Color, blooming season and height is here given.

Prices, Except as Otherwise Noted

25c each; \$2.50 per doz.; \$20.00 per 100.

ACHILLEA ptarmica fl. pl. "The Pearl." Double white. June-September. 18 ins.

ACONITUM autumnale (Monkshood). Blue. July-September. 3 feet.

vulgaris. Various colors. April-June. 2 feet.

ASTER (Michaelmas Daisy). Blue, pink, white and purple. September to frost. 2 to 3 feet.

BELLIS perennis (English Daisy). Pink and white. 6 inches. 15c each; \$1.50 per doz.; \$10.00 per 100.

CAMPANULA carpatica (Bluebell). Deep blue. May-September. 8 inches.

medium (Canterbury Bells). Separate colors, blue, white and pink. 2 to 3 ft.

calycanthema (Cup and Saucer). Pink, blue and white.

persicaifolia. Purple. June-July. 3 ft.

CHRYSANTHEMUMS—Hardy Pompons.

Anna Moran. Reddish bronze. Late.

Caprice. In colors, pink, yellow and maroon. This is one of the finest strains of "mums" grown. Very dwarf.

Fairy Queen. Double light-pink. Mid-season.

Golden Climax. Golden yellow. Mid-season.

Izola. True amaranth. Late midseason.

Mensa. Single white. Very popular.

Mensa Golden. Identical with Mensa except in color.

Western Beauty. Late dark pink.

CHRYSANTHEMUM maximum (Shasta Daisy). Large white flowers all summer. 1½ feet.

COREOPSIS lanceolata grandiflora. Golden yellow. June-October. 2 feet.

DELPHINIUM formosum (Larkspur). Dark blue, white center.

Belladonna. Light blue form of above.

Bel'amosa. Dark blue form of Belladonna.

Hybrids. All colors, double and single.

DIANTHUS barbatus (Sweet William). Separate colors, and mixed.

Newport Pink. Watermelon-pink.

Scarlet Beauty. Rich, deep scarlet.

DIANTHUS plumaris (Clove Pinks). Double and single blooms throughout the summer.

delicata. Single rose-pink.

Her Majesty. Best pure white.

DIANTHUS deltoides (Maiden Pinks). Crimson flowers. June-July. 8 inches.

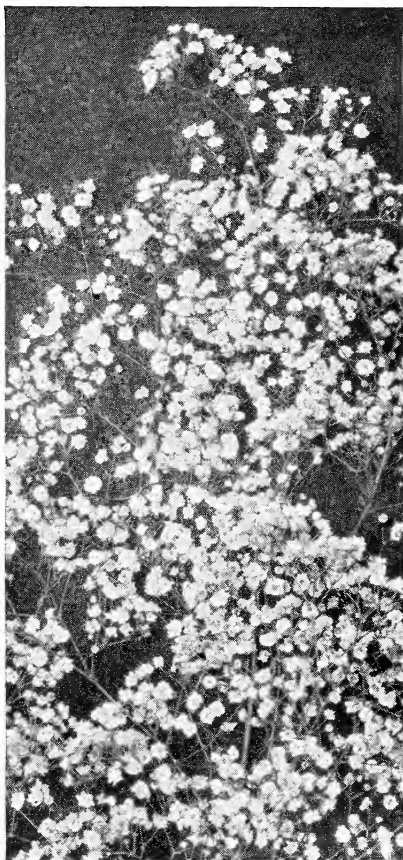

DICENTRA spectabilis (Bleeding Heart). Heart-shaped flowers in long, drooping racemes of rose-crimson. 50c each; \$5.00 per doz.

DIGITALIS (Foxglove) *ambigua* or *grandiflora*. Yellow. June-July. 2 to 3 feet.

gloxiniæflora. Range of color, rose to purple. June-July. 3 feet.

Bleeding Heart.

Gypsophila (Baby's Breath).

var. alba. White. June-July. 2 feet.

lanata. Grayish or creamy yellow. June-July. 2 to 3 feet.

CAILLARDIA grandiflora (Blanket flower). Yellow and orange-red. May-November. 1½ feet.

GEUM coccineum, Mrs. J. Bradshaw. Double dark-red nearly all summer. 1½ ft.

GYPSOPHILA paniculata (Baby's Breath). Minute white flowers. June-July. 2 ft.

HELENIUM autumnale superbum (Sneezeweed). Lemon yellow. August-September. 4 to 5 feet.

Riverton Beauty. Lemon-yellow with black cone. August-Sept. 4 to 5 feet.

Riverton Gem. Yellow changing to red. August-Sept. 4 to 5 feet.

HEMEROCALLIS fulva (Tawny Day Lily). Orange. July-August. 2 to 3 feet.

thunbergi. Lemon yellow. July-August. 2 to 3 feet.

HEUCHERA sanguinea (Coralbells). Bright crimson. June-September. 12 inches.

*Iberis sempervirens.*

HIBISCUS, Mallow Marvels. A robust type, large flowers 6 inches in diameter, in shades of pink, crimson, white and crimson eyes.

IBERIS sempervirens (Hardy Candytuft). Spreading habit; white flowers in April and May. 8 to 10 inches.

IRIS germanica (German Iris). In describing Iris—S signifies erect petals, and F signifies falls or drooping petals.

atropurpurea. S and F, rich claret-purple.

Brechtia. S, bronze-yellow. F, blue-violet.

Celeste. S and F, azure-blue, tall.

Florentina. S and F, pale blue.

Foster's Yellow. S and F, creamy-yellow.

Garrick. S, pale blue. F, violet-blue.

Greda. S, creamy-yellow. F, dark-yellow.

Gracchus. S, yellow. F, violet-purple.

Halfdan. S and F, creamy white.

Helge. S and F, lemon yellow.

Kharput. S, violet blue. F, dark blue.

Mormora. S, sulphur. F, purple.

Mithras. S, yellow. F, wine-red.

Pallida Delmatica. S, lavender-blue. F, deep lavender.

Pauline. S, lavender. F, darker.

Purple King. S, claret-purple. F, dark purple.

IRIS kaempferi (Japanese Iris). Mixed colors, single and double. A splendid mixture.

LAVANDULA vera (Sweet Lavender). Fragrant blue flowers. July-September. 1½ feet.

LIA TRIS pycnostachya (Blazing Star). Rosy purple. July-August. 3 to 4 ft.

LILIUM auratum (Gold-banded Lily). Very large, white, spotted crimson with yellow band. July-August. 2 to 3 feet.

candidum (Madonna Lily). Pure white. Early Spring. 3 to 4 feet.

myriophyllum (The Regal Lily). White, shaded pink, yellow center. June-July. 3 feet. \$1.00 each; \$10.00 per doz.

speciosum magnificum (Japanese Lily). Fragrant red. July-August. 2 feet.

tigrinum (Tiger Lily). Orange spotted with black. July-August. 3 to 4 feet.

LINUM perenne (Flax). Blue. May-Aug. 1½ feet.

LOBELIA cardinalis (Cardinal Flower). Scarlet. June-August. 3 to 4 feet.

LUPINUS polyphyllus (Lupin). Deep blue. June-July. 2 to 2½ feet.

var. rosens. Soft rose-pink. June-July. 2 feet.

LYCHNIS chalcedonica (London Pride). Crimson. June-August. 2 to 3 feet.

viscaria splendens fl. pl. (Ragged Robin). Brilliant red. May-June. 12 inches.

MENTHA viridis (Spear-mint). For flavor.

MONARDA didyma (Beebalm). Bright red. June-August. 2 to 3 feet.

MYOSOTIS palustris (Hardy Forget-Me-Not). Blue. May-Sept. 10 inches.

PACHYSANDRA terminalis. Trailing ground cover. Evergreen, greenish, white flowers. 6 to 9 inches.

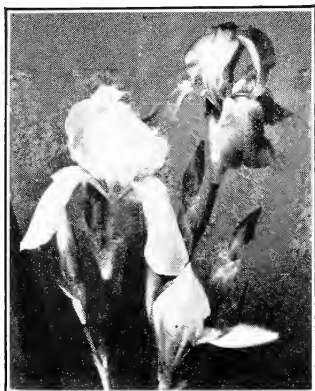

PAPAVER nudicaule (Iceland Poppy). Bright yellow.

orientale (Oriental Poppy). Crimson-scarlet. June. 2 to 2½ feet.

var. Mrs. Perry. Salmon pink.

Columbine

German Iris.

PAEONIA. In colors, white, pink and red. 50c each; \$5.00 per doz.

Duchesse De Nemours. Guard petals white, center lemon-yellow. Cup-shaped. 50c each; \$5.00 per doz.

Edulis Superba. Hydrangea pink. Late. 50c each; \$5.00 per doz.

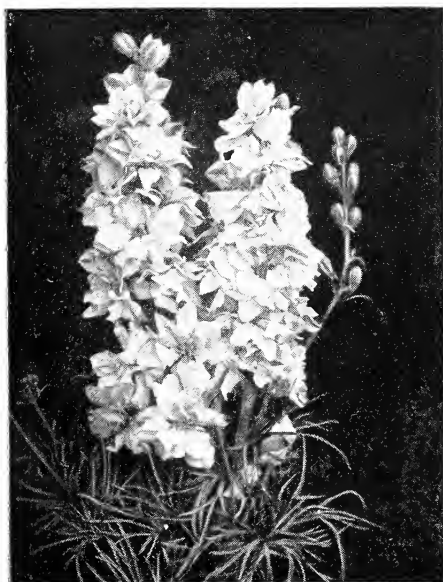

Felis Crousse. Brilliant red. Midseason. 75c each; \$7.50 per doz.

Floral Treasure. Pale lilac-rose. Midseason. 50c each; \$5.00 per doz.

Festiva Maxima. Pure white, crimson markings in center large and full. Early. 50c each; \$5.00 per doz.

Meissonier. Brilliant purple-red; fragrant. Midseason. 50c each; \$5 doz.

PENTSTEMON barbatus torreyi (Beard Tongue). Spikes of scarlet flowers. June-August. 3 to 4 feet.

Delphinium, or Larkspur (Hardy)

PHLOX decussata (Hardy Phlox). Mixed colors in white, red, pink shades. 20c each; \$2.00 per doz.; \$12 per 100.

All Phlox except where noted—25c each; \$2.50 per doz.; \$15 per 100.

Annie Cook. Flesh pink; fragrant.

Baron Von Dedem. Scarlet, red center.

Digitalis—Foxglove.

Champs Elysee. Rich crimson.
Commander in Chief. New. Crimson-red with darker eye. 50c each; \$5.00 per doz.

Eclairer. Carmine-violet-red, pink center.

Elizabeth Campbell. Light salmon pink. 35c each; \$3.50 per doz.

Jeanna D'Arc. Pure white. Late.

Jules Sandeau. Pure pink. Dwarf.

Lothair. Bright crimson.

Miss Lingard. White, early, tall.

Pantheon. Clear, deep, carmine-pink.

Rheinlander. Soft salmon-pink, deep red eye.

R. P. Struthers. Brilliant rosy red, crimson center.

Rynstrom. Deep pink.

Thor. Rich, salmon-pink, crimson eyes.

PHLOX amoena. Bright pink; dwarf. 4 to 6 inches.

Divaricata. Lavender flowers in May. 10 inches.

Subulata (Moss Pink). Low spreading stems, moss-like leaves, pink flowers in April. 3 to 6 inches.

PHYSOSTEGIA virginiana (False Dragon Head). Spikes of delicate pink flowers. June-July. 2 to 3 feet.

PLATYCODON grandiflora (Balloon Flower). Blue or bluish-white. May-June. 1 to 2 feet.

Phlox Annie Cook.

PRIMULA japonica (Japanese Primrose). Purple-crimson. May-June. 6 to 9 ins.

veris superba. Bright canary - yellow. April-May. 6 to 9 inches.

PYRETHRUM roseum (Feverfew). Colors vary from deep red to pure white. May-June. 2 feet.

uliginosum (Giant Daisy). White flowers on long stems. August-Sept. 3 to 4 ft.

SALVIA azurea grandiflora. Sky-blue. Aug.-Sept. 2 to 3 feet.

pratensis. Dwarf blue. June. 1 foot.

SEDUM acre (Golden Moss). Foliage green, flowers yellow. A good ground cover.

spectabile "Brilliant." Bright amaranth red. August-September. 1 foot.

TRITOMA pfitzeri (Everblooming Tritoma or Red Hot Poker). Orange - scarlet shading to salmon-rose. August-September. 2 to 3 feet. 30c each; \$3.00 per doz.

VERONICA longifolia subsessilis. Blue. August-September. 2 feet.

Spicata. Spikes of blue flowers. June-July. 2 to 2½ feet.

Garden Pinks.

VIOLA cornuta (Tufted Pansies). Fine for edging. In bloom April to October.

cornuta alba. White form of above.

Admiration. Dark blue.

Golden Yellow. Mass of yellow bloom.

YUCCA filamentosa (Adam's Needle). Spikes of white flowers; broad swordlike evergreen foliage.

Salvia azurea grandiflora.

Fruits

PEACHES. Each. Doz.
1 year No. 1, 4 to 5 ft.75 7.50
Varieties—Belle of Georgia, Elberta, Hale and Mayflower.

PEARS. Each. Doz.
2 year No. 1, 5 to 6 ft. \$1.50 \$15.00
Varieties—Bartlett, Clapp Favorite, Seckel, and Kieffer.

PLUMS. Each. Doz.
2 year No. 1, 5 to 6 ft. \$1.50 \$15.00
Varieties—Damson, Lombard, Abundance and Burbank.

SMALL FRUITS

BLACKBERRIES. Doz. 100.
1 year roots \$1.00 \$6.00
Varieties—Blowers, Eldorado, Rathbun.

CURRENTS. Doz. 100.
2 year No. 1 \$1.50 \$10.00
Varieties—Fay's Prolific and Cherry.

Fruit growing here as in many other sections is too much neglected. Some of the finest Peaches, Apples, Pears, Grapes, etc., we have ever seen were grown right here in Norfolk this year. We offer only such varieties as can be recommended for this locality, and urge the planting of them the coming season. Spray once or twice each winter after the second growing season to keep the trees free from insects. Full directions for pruning and spraying will be furnished on application.

APPLES. Each. Doz.
2 year No. 1, 5 to 7 ft. \$1.25 \$12.00
Varieties—Delicious, Early Harvest, Maiden's Blush, Red Astrachan, Stayman Winesap and Yellow Transparent.

APRICOTS. Each. Doz.
2 year No. 1, 3 to 4 ft. \$1.50 \$12.00
Varieties—Early Golden and Moorpack.

CHERRIES. Each. Doz.
2 year No. 1, 5 to 7 ft. \$1.50 \$15.00
Varieties—Black Tartarian, Governor Wood, Montmorency and Early Richmond.

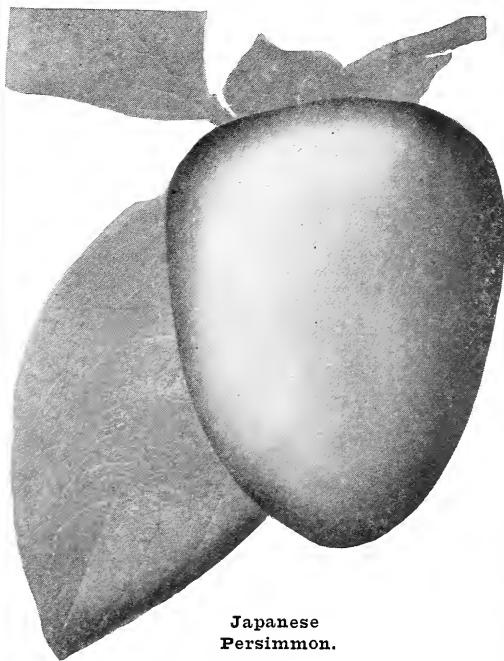

FIGS. Figs are one of the truly Southern fruits and should be planted more extensively. They bear soon after planting and are proving a very valuable crop.

Varieties—Brown Turkey and Celeste.

Each. Doz. 100.
2 yr. No. 1, 2 to 4 ft. \$1.00 \$9.00 \$50.00

JAPANESE PERSIMMON. A novelty of great merit. The large, showy, yellow fruit hangs on the tree until late autumn and is delicious to the cultivated taste.

First Class Trees. Each. Doz.
3 to 4 ft. \$1.00 \$10.00
4 to 5 ft. 1.50 15.00

Japanese
Persimmon.

DEWBERRIES. Doz. 100.
1 year roots\$1.00 \$5.00

GOOSEBERRIES. Each. Doz.
2 year No. 1\$.25 \$2.50
Varieties—Downing and Red Jacket.

RASPBERRIES. Doz. 100.
1 year strong canes.....\$1.00 \$6.00
Varieties—Cuthbert, Columbian and St. Regis.

Concord
Grapes.

GRAPES. Each. Doz.
2 year No. 1\$.50 \$5.00

Varieties — Concord-black, Niagara-white and Delaware-red.

ASPARAGUS. Doz. 100.
Strong roots\$.50 \$3.00

Varieties — Martha Washington, Giant Argenteuil and Palmetto.

NUT TREES

PECANS. The improved varieties of Pecans, budded or grafted, begin to bear about as soon as do Apples, and the tree is long lived. The best soft shelled varieties are Schley, Stuart, and Success.

	Each.	Doz.	100.
2 to 3 ft.	\$1.00	\$10.00	\$ 60.00
3 to 4 ft.	1.50	15.00	100.00
4 to 5 ft.	2.00	20.00	—

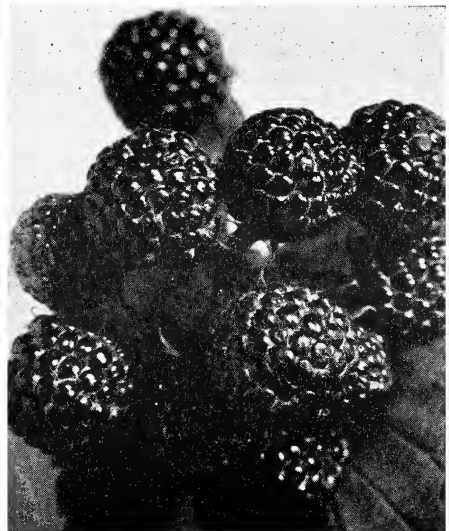

Asparagus

BLACK WALNUT. Valuable for shade and produce nuts of delicious flavor.

	Each.	Doz.
3 to 6 ft.	\$.50	\$ 5.00
4 to 6 ft.	1.00	10.00

ENGLISH WALNUT. A very ornamental tree, producing nuts of good size and thin shells.

	Each.	Doz.
3 to 4 ft.	\$1.00	\$10.00

“Made Grass Grow Where It Never Grew Before”

This year you can have the kind of lawn you have always wanted. Beautiful flowers and shrubbery will also be yours if you apply VIGORO, the new specially prepared plantfood. There is nothing else like VIGORO. Easy to apply and free from any objectionable odor. Vigoro is a scientifically formulated plantfood. It gives your grass, flowers, shrubbery, trees, and garden plants the necessary nourishments in just the right proportion to produce the maximum growth and beauty.

How Much VIGORO to Use

We recommend that VIGORO be applied at the rate of one to four pounds per 100 square feet of surface. For early spring application, two to four pounds should be applied. For summer and fall applications, one to two pounds is sufficient.

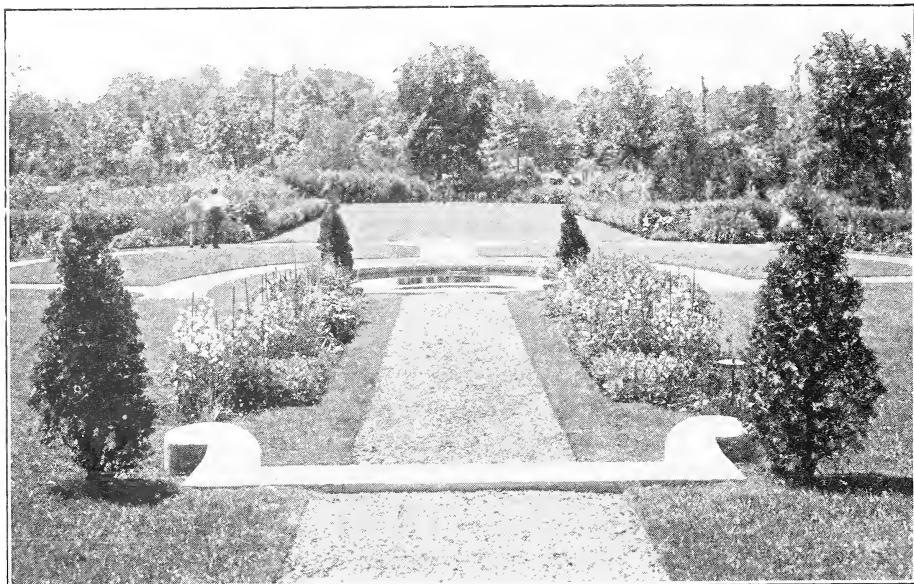

The following table has been prepared to help the user determine the amount of VIGORO necessary for a given amount of ground.

Dimensions of Ground	Rate of Application per 100 square feet	Amount nec- essary for one Application	Cost
25 x 50 ft.	2 lbs. [about 1 quart]	25 lbs.	\$ 1.75
25 x 50 ft.	4 lbs. [about 2 quarts]	50 lbs.	3.00
50 x 100 ft.	2 lbs. [about 1 quart]	100 lbs.	5.00
50 x 100 ft.	4 lbs. [about 2 quarts]	200 lbs.	10.00

Imported Granulated Peat Moss

Our Granulated Peat Moss or Mull is especially selected for horticultural purposes. It is finely granulated, of little weight, and is entirely free from foreign matter. It is packed in compressed bales, burlaped on all sides, sticked and wire strapped. When loosened the contents will cover 240 sq. ft. 1 inch deep. It is not sold by weight, because the weight of the bale is dependent on its moisture content, which varies according to atmospheric conditions. Price per bale, \$5.00, f. o. b. Norfolk.

The Nursery Stock in this Garden was Furnished by Mr. Robinson.

A CAREFULLY STUDIED PLANTING-SCHEME is a worthy, and it might be said necessary, component of the home environment. A growing appreciation of the possibilities arising from the use of hardy plants in landscape decoration is being manifested in the many calls made upon us for planting advice; and we are always glad to lend our experience to aid in the development of any landscape proposition. Send us a dimensioned sketch of the plot you wish to treat, or let us send a representative to look the ground over and make suggestions.

NORTH SHORE GARDENS

1450 Sewells Point Road,

Norfolk, Virginia
